
AUT BRANCH REPORT

Ahakoā he iti he pounamu
Although it is small it is precious

In October 2022, Rumen Rachev took the position of chair of the AUT PHA Branch, previously held by Heather Came. He was supported by the co-chair Gayle Souter-Brown.

In regards of changing dynamics within AUT, the AUT branch have held very few meetings and activities in the past year.

The most important event which was held by the AUT branch was the Critical Te Tiriti Analysis Workshop, as a fundraiser in June. It was led by Heather Came and Grant Berghan, as Mereana Pitman Rangatira Fund initiative. Quite a good amount was raised for the ones affected by Cyclone Gabrielle.

Activities for the branch will hopefully resume more regularly in the next year.
